**Areknames - Live at the Burg Herzberg Festival 2007** v-hb-017, CD. Under the spell of novelty – they themselves said so. A lot of new songs performed there for the first time. Dreamy, experimental, rocking chopped up sunpeace.

**Bayede - Chormusik aus Südafrika** v-hb-05001, Benefiz-CD von und für einen Chor aus KwaZulu/Natal (Südafrika)

**Berimbrown - Irmandade** v-hb-013, CD. Jewelcase or digipack. Live from Europe Tour 2007. They're from Brazil and somebody said it's like James Brown at the Rio Carneval. The integrate the most different styles along the historical path of Africa to the Carrebean and on to the States eyed from a Brazilian point of view. Really funky and groovin'.

**Bröselmaschine - live** v-hb-022, 2CD. With Bröselmaschine one of the first and most famous German bands from the '60s is back! But not on a sentimental journey through the past: it's a high energy trip even when the electric storm calms down. You will feel fine even if you're a stoned fan - or just because. P.S. Includes on "Roadrunner" Germany's highly acclaimed comedian Helge Schneider, a member since 1974.

**Colour Haze - Burg Herzberg Festival 18. Juli 2009** v-hb-026, 2CD. The complete concert of German's stoner-rock band no.1.

Axel M. Heilhecker with his new studio album. The medication is heavy jazzy mediation. A category of its own. Sniff it! Miles away from ...

**Hidria Spacefolk - Live at Heart** v-hb-009, CD  
Burg Herzberg Festival 2006. Just have a look at your landmap. The way from Finland to outer space is just as far as from Wales to there. Understand? Outstanding Suomi-Space-Sound.

**Korai Öröm - 2009** v-hb-012, CD. Studio album. Urban Tribe at its best!

**Krabat - waiting for the next big thing** v-hb-023, CD. A renaissance of Renaissance and renaissance meets prog. But this renaissance took place in Hesse, Germany. Sane insane.

**Magnificent Brotherhood - Live at Burg Herzberg** v-hb-027, CD. "dynamische, clevere Garage-Psychs, die ihre Farfisa hudele

und die Gitarren fuzzen lassen nach bewährter Sixties-Art. So muß ein Festival-Tag zu Ende gehen", Rolling Stone, 09/08).

**Omigosh - Rainbows On My Blue Suede Shoes** v-hb-020, CD  
Booked for Herzberg 2007 were the psychedelic Welsh legend MAN. for different reasons their three-man miniature edition Omigosh feat. Martin Ace entered the stage! And what went on could have also been a gig in your smoke-filled favorite pub. Just imagine "Wooly Bully" followed by "Foxy Lady". Really cookin'!

**Ornah-Mental - Heliopolis** v-hb-029, CD. Der fliegende Teppich trug Ornah-Mental von Berlin 36 (Testimony) über die Pyrenäen (Take time Out) bis nach Ägypten: Oriental Space Dub Rock fürs nächste Jahrzehnt.

**Quantum Fantay - From Herzberg to Living Room** v-hb-019, 2CD. 104 min.. The complete festival concert of 2007. Instrumental space rock of highest quality. Dancing drums, floating flute, singing synth, bouncing bass, glistening guitar create a calm sky above a hectic earth.

**Schizofrantik - live** v-hb-024, CD. Herzberg Konzert 2006!  
A sunday morning service for agile atheists. With Frank Zappa helping out as priest. Does the dog always know what he's eating? No yellow snow that's all that matters.

**Space Debris - Into the Sun** v-hb-014, CD. Over those sonic mountains with your never waiting electric friends and constantly driven along by Lorna's vibrator you jam-bang into the sun. What will you find there? Whales or the debris of humble small faces? Anyway, just kick it!
